

ICDPA 2018

2018 The International Conference on Data Processing and Applications

May 12-14, 2018 | Guangdong University of Technology, Guangzhou, China | <http://www.icdpa.org/>

Conference topics

Algorithms and Systems for Big Data Search
Big data analytics
Big Data Analytics and Metrics
Big Data Architectures
Big data experiences
Big Data for Business Model Innovation
Big Data for Enterprise Transformation
Big Data in Mobile and Pervasive Computing
Big Data in Smart Planet Solutions
Big Data Management
Big data medical devices
Big data medical records
Big data processing
Big Data Search and Mining
Big data systems
Business/Corporate/Industrial Data Mining
Cloud Computing Techniques for Big Data
Data fusion and integration
Data Mining Algorithms
Data mining Applications
Data mining Foundations
Data Mining in Logistics
Databases and Information Retrieval
Databases Systems and Applications
Data-mining grids
Distributed and grid based data mining
Distributed, and Peer-to-peer Search
Engineering Mining
Explorative and visual data mining
Information Retrieval and Database Systems
Machine learning based on Big Data
Medicine Data Mining
Military Data Mining
Mining text and semi-structured data
Mobile Data and Information
Multimedia mining (audio/video)
Privacy, Trust and Security in Databases
Scientific and Statistical Databases
Scientific Applications of Big Data
Security Applications of Big Data
Security Data Mining
Sensor and Mobile Data Management
Social Science Mining
Statistical and Scientific Databases
Very Large Data Bases
Visualization Analytics for Big Data
Web mining
Workflow Management and Databases
XML and Semi-Structured Databases

ICDPA 2018, International Conference on Data Processing and Applications is a premier forum for data science researchers and professionals to discuss distribute and advance the state of research and development of the data field. This conference is sponsored by SCIENCE and Engineering Institute (SCIEI), co-sponsored by Guangdong University of Technology. It will facilitate the exchange of insights and innovations between the industry and academia, each represented by leaders in their respective fields. The conference offers research and industry tracks in the areas of machine learning, data science, big data analytics, deep learning etc. Join us now, for invaluable day of networking, educational sessions, breakout groups and, of course, fun.

Important Dates

- Submission due: December 5, 2017
- Acceptance & Rejection: December 20, 2017
- Registration Deadline: January 5, 2018

Publication:

Accepted and presented papers of ICDPA 2018 will appear in the conference proceedings published by **ACM (ISBN:978-1-4503-5315-1)**, including in ACM Digital Library, indexed by **Scopus, Ei Compendex, Google Scholar, etc.**

Submission Method

- Submit directly to conference secretary email: icdpa@sciei.org
- Send the full paper & Abstract to <http://www.easychair.org/conferences/?conf=icdpa2018>

Conference secretary

Ms.Shane Zeng: icdpa@sciei.org
